

MARSHAL PHILPOT KILLED IN GUN FIGHT AT IRVINE

Deputy Sheriff Reed and George Estes Rushed To Hospital Here Badly Wounded

Chief of Police Robert G. Philpot, 45, of Irvine, was instantly killed and three other men perphas fatally injured shortly before one o'clock Friday morning in a gun battle at Irvine.

The dead—Chief of Police R. G. Philpot, chief of police of Irvine, shot thru the heart.

The injured—Deputy Sheriff Henry Reed, shot through stomach and hip and also through back.

George Estes, 22, shot through stomach, believed to be fatally injured.

L. & N. Railway Detective Spivy, shot through side, believed to be slightly injured.

Although believed to be fatally injured, both Reed and Estes suffered until their arrival in Richmond Friday morning when they were brought by train to the Pattie A. Clay infirmary. The life of both men is said to be hanging by a thread, and the condition of Spivy, who was later arrested, and who was placed in jail at Irvine, is said not to be of a dangerous character.

The shooting is said to have followed a second attempt of Philpot to search a grip carried by George Estes, who was arrested by Deputy Sheriff Reed, at Ravenna, where Estes and his brother, operate a pool room.

It was when Reed was passing over the bridge leading to Irvine with Estes, who had been placed under arrest on a charge of intoxication, that he is said to have been stopped by Philpot. The latter demanded the grip. Reed refused, according to the latter's statement, after the trouble.

Philpot is said to have proceeded to the depot, where he met Spivy, and later approached Reed and his prisoner, before they had reached the jail. Estes, before losing consciousness, stated that it was while he and Officer Reed were in front of the new building being erected by James Durbin on Main street, that they were again held up by Philpot and Spivy.

"Are you going to give me that grip now?" is the query Philpot is credited with addressing to Reed.

The latter replied that he would die first, stating the officer had no right to search the grip at that time. He claims that upon being refused, Philpot struck him, knocking him down.

Reed admits that when struck in the face by Philpot, he reached for his revolver, and shot the officer.

Philpot fell to the sidewalk and Reed into a gravel screen at the new building. At this juncture, both Reed and Estes declare, Spivy turned loose with his gun and shot the fallen Deputy Sheriff. That he shot twice is evidenced from the fact that Reed sustained two probably mortal wounds, one in the stomach and another in the side. The fore and second finger of his right hand, and the two last fingers of the left hand, as well as the handle of his pistol, were carried away by the bullets from Spivy's gun.

Despite this, Reed was on the ground, or rather against the screen in a lying posture, regaining hold of his gun and fired a shot at Spivy, who was fleeing, injuring the detective slightly.

Later, Spivy is said to have gone to the railway station and told of the shooting, stating that Philpot had been killed, and adding "there is another man lying there."

Upon the arrival of Spivy and spectators who had been attracted by the shooting, Reed had managed to get up and walked to Hobson restaurant. Before Reed had raised to his feet and during the shooting between him and Spivy, Estes, the prisoner, started to run away. He was shot, it is said by Spivy, as Philpot was lying dead in the street.

Reed and Estes were taken care of by friends, meanwhile Sheriff Robert Powell, of Estill county, was notified. He soon appeared on the scene and found Estes and

Reed alive, and preparations were made for them to be brought to Richmond. They received but little medical aid until they reached this city. Reed was weak from the loss of blood, and Estes was unconscious a part of the time.

They each described the affair, and the stories are confirmed by officers at Irvine, as well as A. F. Christopher and a young brother of Estes, who accompanied them to this city. Spivy went to his home, it is claimed, changed clothes and returned to Irvine, and gave himself up to Sheriff Powell, who received the detective's revolver, according to Christopher, who claims to have been present when the man gave himself up.

The same story was repeated by Christopher in the presence of young Estes. The latter told the story first and there were no corrections made by Mr. Christopher, who was unable to procure a machine at the time, being anxious to save the life of the injured officer and his prisoner, if possible.

Both men are shot through vital parts, a portion of Reed's liver being shot away. There is said by hospital attaches to be a large bullet lying near the left hip bone, which penetrated the front of the stomach, then diverged to the left. Another bullet wound extending from the front to the back shows the direction the bullet took, it having been fired when Reed was down.

The injuries of Estes are also dangerous, the bullet, which was of large caliber, passing through the pit of the stomach and ranging downward. Later it was reported from the hospital that one of the bullets had been removed from Reed's body; that he was still alive, but very weak from the loss of blood.

Owing to the nature of the injuries, surgeons at the institution state they are unable to say whether either man will recover.

E. W. Estes, brother to the prisoner, who was shot while endeavoring to make his escape after the shooting, talked freely of the affair, and spoke of the ill feeling against the railway detective, Joseph Spivy. "It was either Spivy or Chief of Police Philpot, who shot my brother, but not Deputy Sheriff Reed," he said. Young Estes, who stated that he was 24 years old, said he and his brother lived at Evelyn, but operated a pool room in Ravenna. He said his brother had been home and brought back whisky which he had procured "somewhere." This is what excited the suspicions of Chief of Police Philpot and caused the trouble. Young Estes said that his brother had two gallons and a pint of whisky before the trouble and that half a gallon was missing. He said he did not know where the liquor went, but was sure this quantity was missing. He said they roomed in Irvine, but operated the pool room in Ravenna, and he had not been in the place since early in the evening, and that his brother had gone home and was returning and was probably intoxicated when arrested.

Robert G. Philpot, the dead chief of police, was 45 years old, and had been a resident of Irvine for a number of years, having held the position as chief of police for a period of four years. He was married and had several children. He is said to have been a fearless officer and highly influential in keeping down a certain liquor element in Irvine which was characterized as most persistent. It is said to have been instantly killed by the bullet from the gun of Deputy Sheriff Reed, while the latter was falling from his blow, resulting from his having refused to give up the grip of his prisoner.

Deputy Sheriff Henry Reed has officiated in that capacity for several years, and was held in high esteem by all who knew him. He is said to have commanded the respect of all, although always looking after the welfare of the public in the capacity of an officer. He is 35 years old, married and the father of several children. George Estes, his prisoner, said to have been shot by Spivy while running, after Spivy had shot Reed, who had shot Philpot, is single, aged 22, a resident of Irvine, although operated a poolroom in Ravenna. The home of his parents is at Evelyn, where he is said to have been Thursday night, and returned to Ravenna with the whisky while in an intoxicated condition, which resulted in his arrest by Deputy Sheriff Reed. Spivy is known throughout Estill county well, since he has figured in a number of shootings. He is said by some to be reckless, and to have a penchant for

handling a revolver of large caliber. The bullet or one of them at least fired at Reed is of the .44 caliber.

Spivy shot and seriously wounded Edward Bryant, a lad who had come to Irvine to take the midnight train, about two months ago, when the latter ran, after being commanded to stop. Bryant is still suffering from the wound.

The standing in the community of both Philpot and Reed caused the tragedy to create more than usual furor. The place was soon awakened and many of the residents, fearful that trouble would result, are said to have spent the remainder of the night in vigilance. Wild rumors spread here and there, and it is said that mountain folks were soon upon the scene.

That young Estes was in the habit of carrying whisky to Irvine, where it was dispensed, there is no question, according to his brother. Chief of Police Philpot is said to have spent most of his time in an effort to stop the illicit sale of liquor, which he seems to have known was being brought into the town. His record, since he has had charge of the police department, has been a brilliant one, and it was through his efforts that the notorious Dick Howell, railway bandit and murderer of a detective at Canton, Ohio, was run down and captured after officers in three states had failed to do so. Chief Philpot arrested Howell, brought him to Richmond for safe keeping, and saw to it that Howell was safely guarded until the arrival of officers from the Ohio city, when he was taken back. Howell was subsequently tried and convicted and given the sentence of death. He is to be electrocuted at Columbus.

Chief Philpot, who had proved his fearlessness among the element which has created more or less trouble for years, had also proven his efficiency through his persistent efforts to eliminate the dangerous practice of having whisky brought to Irvine, that city will feel keenly, both from the standpoint of a resident, a peaceable citizen and an officer, his loss. He is said to have been a member of Richmond Commandery, No. 19, Knights Templar, of this city.

Spivy Brought Here
Friday at noon Deputy Sheriff S. R. Powell, son of Sheriff Geo. Powell, of Estill county, brought Detective Joseph Spivy, to Richmond and placed him in the Madison county jail. The officer, who was accompanied by George Rodgers, deputized, stated that Spivy declared he never fired a shot. There were threats of an ugly nature against the prisoner, and he was brought to the local jail for safe keeping.

According to the statement of Deputy Sheriff Powell, Spivy is responsible for a number of shots being fired, and it is declared by him that one of the bullets in the body of Marshal Philpot is of a .38 calibre, the variety used by Spivy. The same calibre bullet is said to have entered the bodies of Deputy Sheriff Reed and Estes, and Powell is of the opinion that Spivy is responsible for the three men being shot, although it is admitted Deputy Sheriff Reed fired the shot that killed the police chief.

At a late hour Friday, plans were being made to operate on both Reed and Estes in an effort to recover the bullets. Both are in a very serious condition and their recovery is a matter of doubt. Physicians said after operating on Estes that his intestines had been perforated 10 times.

It also develops that Reed was shot in the back, presumably by Spivy, while the officer was falling from the effects of the blow from Marshal Philpot, who was shot and killed as a result of the blow.

Deputy Sheriff Powell said that an examination of the body of Marshal Philpot showed that he been killed by a bullet through the neck, which cut both the large artery and jugular vein and broke his neck, too. Death was instantaneous. This wound, was caused by the bullet from Reed's revolver, he said, while in his hip Marshal Philpot had a .38 calibre bullet hole, and Spivy's weapon was of that size while Reed's gun was a .44.

Deputy Sheriff Powell said that Marshal Philpot endeavored to take Estes away from Deputy Sheriff Reed and also to search his grip, both of which efforts Reed objected to, and then the trouble began.

MRS. C. G. CROOKS DIES IN DANVILLE

The very sad news announcing the death of Mrs. Jane Crowe Crooks wife of Prof. C. G. Crooks of Centre College, Danville, was received by Richmond friends early Friday morning. She had been in ill health for many months and only recently returned from a fortnight's stay at Bayview, Michigan, hoping to regain her strength but she failed to rally and died of nervous exhaustion.

Mrs. Crooks was the daughter of the late Rev. William Crowe, and her girlhood days were spent in Richmond, where she was greatly beloved for her many admirable characteristics. It will be remembered that Mrs. I. Cochran Hunt, and Miss Ruth Crowe, both sisters of Mrs. Crooks, have passed to the great beyond in the past few months which, indeed, makes this blow inexpressibly sad to the remaining members of the family. Funeral services will be held in Danville Saturday morning at 11 o'clock. Interment in Danville cemetery.

BIG TOBACCO MEETING SATURDAY

Permanent Organization and Report of Lexington Meeting To Be Features

Preparations are being made for the meeting Saturday afternoon at 1:30 o'clock at the court house, when the results of the Lexington meeting will be detailed by some of the delegates who were in attendance and plans for future organization of Madison county growers will be taken up. This will be the second meeting for the local growers, and there has been an increasing interest since the movement in three states has resulted in complete co-operation.

There will be many who have been interested in the movement but unable to attend the Lexington meeting, who will be present and all seem of the opinion that the concerted movement is the proper venture and great confidence is placed in the organization which may mean so much to the grower generally. The enthusiasm displayed at the recent meeting denoted there was much power behind the movement looking toward the organization, and that Madison county was given much consideration was manifest by the manner in which the leaders acquiesced when the matter of discussing the cut-out of the crop of 1921 was brought up. It is expected that officers will be elected and a permanent organization effected at the Saturday meeting and that Madison county will play an important part in the future action pertaining to the government of tobacco growing and the prices established for the product.

While there were no special instructions given the delegates to the Lexington meeting, the cut out objection was very apparent and the measure was objected to by nearly all there from this county. There are many who were not opposed to reducing the crop, but there are so many who are making annual payments on land that they could not entertain the idea of passing an entire season without raising a crop of tobacco, notwithstanding the fact that the price was a question. They have gone through the matter of paying high prices for labor and have a fairly good crop well matured this year, and feel that they would be able to do so again. They maintain they would have a commendable crop again next year, and this would be "all to the good," whereas, they would not be assured of any paying production in grain. There is one fact, however, that promises to make the Madison county organization a strong one, and that is the complete accord with which all questions pertaining to the tobacco crop are met and discussed.

MRS. WILSON TO LEAD DEMOCRATIC WOMEN

Mrs. Samuel M. Wilson, Fayette county club woman and wife of Judge Samuel M. Wilson, Lexington, has notified J. L. Gray, democratic state campaign manager, that she would accept the campaign chairmanship for the women of Kentucky.

"Lexington women are already organized," Mrs. Wilson, who is chairman of the Woman's Democratic Club of Fayette county, told Mr. Gray. "Governor Cox is sure of a large majority here."

Mrs. Wilson in 1918 conducted the war work registration in Lexington under auspices of the Council of National Defense. Ten thousand women were registered. She also was chairman of the Y. W. C. A. branch of the United War Work campaign.

Mrs. Wilson is a suffrage leader. She was president of the Woodrow Wilson Woman's Club of Fayette county when the president ran for election. She is a member of the Woman's Club of Lexington and of the State Federation of Women's Clubs.

SUFFRAGISTS CLAIM BIGGEST VICTORY NOW

(By Associated Press)
Nashville, Tenn., August 20.—The Tennessee house adjourned today until tomorrow without any attempt of the anti-suffrage force at reconsideration of the house action in ratifying the federal suffrage amendment. The motion to adjourn was offered by a suffrage leader and carried by an overwhelming vote. The failure of Speaker Walker to move for reconsideration was taken to indicate that the opposition had not secured enough of a pledge to rescind the ratification resolution. Meanwhile, a motion of the anti-suffragists to have the house adjourn until Monday was voted down by 49 to 47, the same vote which adopted the ratification resolution on Monday.

The galleries were crowded with spectators. Their enthusiasm could not be restrained. As the house adjourned they sang "My Country, 'Tis of Thee," fairly shouting "Sweet Land of Liberty." Suffragists regarded as the best victory won beyond question.

POFF TO GET BOND SATURDAY MORNING

Relative of Constable Andy Poff, slayer of Jasper Kirby two weeks ago at the Berea fair, will in all probability be admitted to bond Saturday morning, which was fixed at his examining trial at \$5,000. Relatives of the incarcerated man are working in his behalf and it was reported Friday upon good authority that Poff is preparing to arrange for the putting up of the bond at an early hour on Saturday. It is known relatives have been busily engaged since Poff's arrest. Poff is said to be anxious to gain his freedom.

SIREN TO REPLACE FIRE BELL OF CITY

Metropolitan Air Pervades Council Chamber, As City Dads Grant Measures

That the citizens of Richmond will some of these days be informed of an alarm of fire through the resounding and general ear-splitting of a siren, was the statement of Councilman Golden at the semi-monthly session of the city dads Thursday night, when he informed the members of that body that negotiations had practically been completed for the purchase of a new siren, which would be brought to Richmond and installed in due time.

This is one of the matters referred some time ago to the members of the fire committee, which was given power to act. It was decided that the fire bell was—well, it's just this way: There are other cities not as large as Richmond which have real sirens, instead of the old-fashioned fire bell, and one was wanted for Richmond, and now the city will have one. It will be placed, according to present plans, on top of the city hall, and the bell will be sold. It is the opinion of Councilman Golden that the bell can be sold for an amount of money equal to that which will have to be paid for the new alarm-giving device.

The session was short, so was the audience. There were few complaints heard upon the part of citizens and committees. Petitions were very limited, indeed, as was fresh air. After the acceptance and tabling of the report of the former meeting, as well as the finance report after the bills had been ordered paid, there was a call for communications, productive of two being received, which were for building permits, read by City Clerk Blanton. One was from Mrs. H. H. Williams, who asked for privilege of adding to a Third street residence, and the other, from the Indiana Refining company, asking that permission be granted to construct contemplated improvements in the way of a small building at an estimated cost of \$400. Both permits were granted.

Councilman O'Neil, of the street committee, reported the residence of Second, as well as Third street, were rejoicing over the fact that crushed stone had been purchased and was being applied to those thoroughfares, which are to be graded, then rolled, and a coat of crushed stone to the depth of four inches applied. Residents of this vicinity reported recently that the automobiles were kicking up all the dust in that part of the city, and the ladies threatened to do the same thing unless the streets were fixed. The councilmen having this in charge apparently realized the seriousness of the situation when the women threatened to do more than vote, so they got busy instantly, and the work is well under way, and the ladies in a good humor. The work will be completed within a short time, it is believed, and there will be a decided improvement in both streets as a result.

A petition received by residents of East Main street presented through Councilman Charles Terrill asked that Walter Bennett be required to build a new sidewalk in front of certain property. The report resulted in the action being concurred in and the property owner will be informed of the action.

City Councilman Golden reported residents of Smith Ballard and other streets adjoining Main street in the eastern part of the city were aroused over the action of the Water and Light company in blocking the street entrance and asked for relief. He, together with Councilman Whitaker, will form a committee to inform the aforesaid company that it must get busy in the way of furnishing an outlet to Main street, in order that residents be able to get material in with which to improve residents and various buildings. The company is doing street improvement work and it is claimed is not adverse to blocking the street for an extended period of time.

Councilman Meishon reported residents of Seventh street and North street objected to the public streets being made a pasture field for a number of horses allowed to run at will, and Chief of Police Devore was requested to arrest the horses and bring them in, as well as the owners, if necessary, in order to stop the nuisance. "The idea," said Mr. Meishon, "of permitting horses grazing along the city streets, and almost in the city." He added with derision, "Why, it's worse than a little country village." The equines will be given a change of feed as soon as Chief of Police Devore catches them.

The Specially Built Over-size Tire for Fords, Chevrolets, Maxwells & others with 30x3 1/2 Rims

Air space! If you want to know what the "31x4" air space in the Jumbo means to you, ride over a rough cobblestone pavement in a Ford equipped all around with Jumbos.

Some people think of an over-size tire as simply having more rubber outside. The Jumbo is larger outside AND inside—it is the greatest shock absorber you can put on a car.

In addition to having that big "31x4" air space, the Jumbo has a "31x4" tread. This tire is a "31x4" in every point but one. The difference between the Jumbo and a regular 31x4 is in the fabric construction. 31x4 tires, as a rule, have five plies. The Jumbo has four plies that are the highest quality fabric—Sea Island, guaranteed—the best that can be built into a tire. This special four-ply construction gives the Jumbo a carcass of extra strength without extra thickness—another feature adding to the resiliency of this tire. The Jumbo gives you MORE than the tensile strength needed to carry your car, and plus that, it gives your car air cushioning to the greatest degree possible.

To all practical purposes, the Jumbo gives you "31x4" service without "31x4" expense.

HE PUT ONE OVER ON PREMIER GEORGE

Butte, Mont., August 20.—President Wilson "put one over" on Premier Lloyd George, of Great Britain, in the distribution of voting strength in the League of Nations, Franklin D. Roosevelt, democratic vice presidential nominee, declared in his address here.

"The republicans are playing a shell game on the American people," the nominee declared, because "they are still busy circulating the story that England has six votes to America's one. It is just the other way. As a matter of fact, the United States has about twelve votes in the assembly. Until last week I had two of them myself, and now Secretary Daniels has them. You you I have had something to do with the running of a couple of little republics. Facts are that I wrote Haiti's constitution myself, and if I do say it, I think it is a pretty good constitution."

Mr. Roosevelt said that Haiti and San Domingo, Panama, Cuba and Central American countries who have at least twelve votes in the league's assembly, all regarded Uncle Sam as a guardian and big brother, and that this country would practically have their votes in the league.

1/2 KILOWATT DELCO-LIGHT PLANT

\$395

DELCO-LIGHT

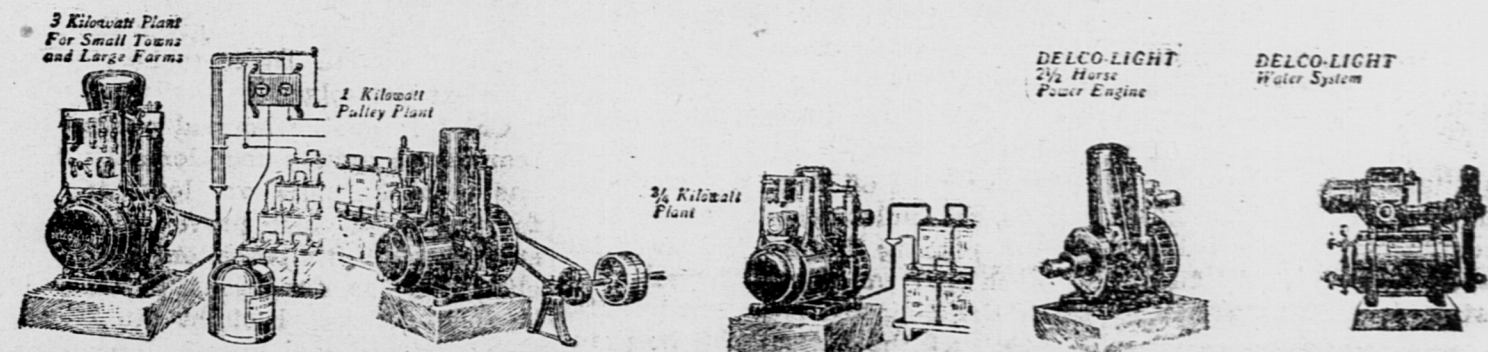

A new model—the 1/2 Kilowatt is now added to the family of Delco-Light products—making a line of farm light and power plants that meets varied needs, large or small.

And the price is \$395, f. o. b. Dayton, Ohio.

The 1/2 Kilowatt is a smaller size Delco-Light plant, designed for installation where the use of electric light and power is not too heavy, such as in farm homes, summer camps and motor boats. The 1/2 Kilowatt plant with a large battery can be used for pumping water, ironing clothes and operating

churns, separators and other power devices. Like the 1/4 and 3 Kilowatt Delco-Light plants—the 1/2 Kilowatt has the famous valve-in-the-head engine. It is air cooled, runs on kerosene, and is furnished with a thick plate long-lived Delco-Light battery.

There is a trained Delco-Light man near you who can figure your requirements and advise you as to the size plant you need.

5, 25 and 30 Acre Tracts

Friday, August 27th

10 A. M.

This is one of the choice farms of this noted sandstone belt. Good land, well situated and exceptionally improved; long pike frontage, and a beautiful place to live. If you buy one or all you will have something to attract the other fellow when you choose, if ever, to resell.

Tract No. 1—Home tract consists of 25 acres, fine 9 room residence, stock barn and every necessary outbuilding, beautiful shade and abundance of bearing fruit trees. You cannot duplicate the improvements alone on this tract for less than \$10,000.

Tract No. 2—Consists of 30 acres of as fine land as ever a plow was stuck into. One good 6 acre tobacco barn right at road and a fine building site close by. This will make you a home and money, too.

Tract No. 3—Consists of 5 acres fronting the pike. Buy this one for home or investment—you know these small tracts.

Now, if you or your friend are in search of a home and good land, too, the kind of land that rewards you best, look this over before hand; we might find owners of such tracts reluctant to sell at any price.

The owner has decided to locate elsewhere and we are instructed to sell. The contracts are drawn, we insert the price and terms, you do the bidding.

Terms reasonable and announced at sale. For further particulars consult the owner on the premises, or W. E. Whitaker at Hackley, Garrard county, Ky. or

15-YEAR-OLD COW CHAMPION

New York, August 20.—Sophie XIX., of Hood farm, Lowell, Mass., a former champion Jersey cow, has come back at the age of 15 years and 6 months with a ninth official record that makes her champion butter cow of the world, the American Jersey Cattle Club announced here.

In nine years she is credited with having given 110,918 pounds of milk and 6,358 pounds of butter fat, an average of 12,324 pounds of milk and 706 pounds of butter fat per year. Sophie now has a clean lead of 693 pounds of butter fat over her nearest competitor, Tilly Alcantara, a Holstein cow, on a Southern California ranch it was stated.

MADISON JUVENILES ARE SURELY WELL BEHAVED

It is claimed that Madison county is at the head of the class as a result of the decidedly small number of juvenile cases, there having been less than half a dozen in the past six months. It is believed with the opening of the schools of the county there would be an increase, but no infractions of the law have been reported. The record is said to be far better than for the first six months of the year of 1919, and there is a greater number of children in the county schools.

PEARLMAN SUMMER CAMP OPENS NEAR CLAY'S FERRY

Summer camp was opened Friday morning at the Pearlman farm, near Clay's Ferry, Misses Rose and Dorothy Pearlman, hostesses to a number of friends. The camp will remain open for some time. A large tent for a "reception hall" was provided, and the camp is said to be most attractively decorated. With Misses Pearlman on the opening of the camp were Miss Beatrice Oppenheim and Mr. Manuel Oppenheim, guests from Hartford, Mich., and Messrs. Reuben and Harry Pearlman, who will also remain at the camp for an indefinite stay.

Miss Rebecca Kavets and brothers, Louis and Robert, of Lexington, and Dr. and Mrs. I. Goldberg, of Louisville, are among additional guests to enjoy hospitality of the Pearlmans during their summer stay.

GROCE UP AGAINST IT

"I have been up against it for past three years suffering from pain in my stomach and side until I was considering giving up my grocery business. Doctors and medicine did not help me. I heard of Mayr's Wonderful Remedy through a friend in Buffalo. The first dose gave me more benefit than all the medicine I had taken before and am now feeling as well as ever in my life." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis.

The McCracken county school board has elected Mrs. Onie Hill, a well known school teacher of this county, as trustee officer and will begin her duties with the opening of the county schools.

Pass the Summer in Finest Health

Take a teaspoonful of Dr. Caldwell's Syrup Pepsin when tired, dull or constipated. Quick results!

WE cannot all spend the Summer in cool mountain resorts, and those who stay at home and sweeter through the hot days will find it necessary to be extra cautious about their health. Hot foods are easier to digest than cold, and even hot soup, though it overheats for the moment, is grateful to the system.

Above all, keep the bowels open; that in itself cools the blood and calms the nerves. But when the bowels are sluggish and show signs of constipation, take a teaspoonful of Dr. Caldwell's Syrup Pepsin and you will get quick relief.

Syrup Pepsin is a combination of simple laxative herbs with pepsin which digests hard to digest food of a century. It is the largest selling liquid laxative in the world.

complaints. Mrs. R. B. Masters of 1424 Second Ave., Birmingham, Ala., has used it in her family for twelve summers, and she never misses an opportunity of telling her friends how healthy Syrup Pepsin has kept them. It has many uses these summer days.

FREE Millions of people of all ages suffer from occasional or chronic constipation. Let them send name and address to Dr. W. B. Caldwell, 512 Washington St., Monticello, Ill., for a free sample bottle of his wonderful Syrup Pepsin. 8 million bottles were bought at drug stores last year, the largest sale in the world.

COAL CAR SUPPLY NOW

INCREASING, IT IS SAID

In the Elkhorn-Hazard coal fields this week there was to have been an extra car supply service, and while there is a more plentiful supply of cars, there were not the extra ones expected. However, the mines are getting under way and it is believed the situation will be very materially improved. Additional railway sidings are being constructed near the mines, and the leads to and from the mines will be increased, and with the adequate supply of cars conditions are expected to improve very rapidly.

\$25,000 FOR MATCH RACE

Man o' War, the horse of the century, and Sir Barton, considered the former's only rival, can meet in a match race at the Latonia meeting for a \$25,000 purse if they care.

Col. Matt Winn, general manager of the Kentucky Jockey Club, has offered that sum for a race between Man o' War and Sir Barton to be run at the Latonia fall meeting. The owners of the two great colts will be permitted to choose the distance of the race.

Women Should Take Warning

If the statement made at a New York assembly of women, that health of American women are so rare that they are almost extinct, is true, it is time for the women of America to take warning and look to their health. It may be headaches, backaches, dragging down pains, nervousness, mental depression, that are tell-tale symptoms of some organic derangement for which Lydia E. Pinkham's Vegetable Compound—a simple remedy made from roots and herbs—is a specific and may be relied upon to restore women to a healthy normal condition. It

QUIT TOBACCO

So easy to drop Cigarette,

No-To-Bac is made by the owners of Casarets; therefore is thoroughly reliable.

MASS MEETING AT COURT HOUSE SUNDAY

Arrangements have been made for a great mass meeting to be held at the court house Sunday afternoon at 3 o'clock. This meeting will be for men and boys only. The evangelist will preach a simple gospel sermon and give the assurance that nothing will be said that he would not say to an audience of ladies. All men and boys are urged to be present.

Another large and appreciative audience greeted the evangelist at Calvary Baptist church last night. The sermon subject was: "Ye must be born again." "No man can be saved by keeping the law," said the evangelist, "the Ten Commandments are God's looking glass through which man sees himself lost and undone and in the need of a Savior—ye must be born again—even as man has only one physical birth even so has he only one spiritual birth."

Much interest is being manifested in these services and the attendance is increasing daily. Many are driving miles each night to attend and it is hoped that Richmond people will take advantage of this great opportunity of hearing the plain, simple plan of salvation presented from the Bible by this man of God.

Singer Elsey used two songs of his own composition last evening which were very fine. As a solo he sang the familiar hymn, "Ye Must Be Born Again." It made a deep impression. Mrs. O. P. Jackson performed at the piano.

"Is God the Father of Sinners?" will be the subject for this evening. Saturday morning at the 10 o'clock hour a special service for children and young people will be held. The subject for Saturday night will be: "Hell."

Mrs. J. P. Chenault has issued invitations to a bridge party Saturday in compliment to her guests, Mrs. Eli of Clarksville, Tenn.; Mrs. B. F. Buckner, of Paris, and Miss Josephine Chenault, who will arrive from Mt. Sterling for the week-end.

CINCINNATI WOMAN GIVES OUT FACTS

Restored By Tanlac a Year Ago
Mrs. Charles Wyder Is Still
Enjoying the Finest Health

"I can recommend Tanlac with all my heart and am glad to do so, for it restored my health and built me up wonderfully nearly a year ago, and I have no return of my troubles to this good day," said Mrs. Charles Wyder, 362 Oregon street, Cincinnati, O.

"I had been in a badly run down condition and suffering with pains all over my body for four years. Gas would form on my stomach and I could not eat anything scarcely without becoming deathly sick from it. There was such pressure of gas through my chest that I felt like I was choking. Especially at night I felt like I was smothering to death and often had to get out of bed and just fight for breath. My nerves were so shattered that I would tremble all over from head to foot, and many nights I couldn't sleep at all and always felt as bad, if not worse, in the mornings as on retiring at night. I was tired and weak all the time, had no energy, and never left like doing anything."

"I had no desire to eat and my food seemed to do more harm than good, so I lost weight and kept getting weaker until I began taking Tanlac. It wasn't long after I began taking this medicine before I had a good appetite and I commenced to regain my lost weight and strength right along. After my troubles had disappeared I found I had actually gained 15 pounds and was heavier than I had ever been before. My appetite is so keen that I can hardly get enough to eat and I sleep every night like a child. As I said, it has been almost a year since I took Tanlac, but I am still feeling fine, and am glad to make a statement that may cause others to try this great medicine."

Tanlac is sold in Richmond by Stockton and Son; in College Hill by Ginter Brothers; in Berea by Welch Department Stores.

Wallace Reid Is Jazz

Artist, Pure and Simple

When Wallace Reid, the screen star, was yet a little lad, as the poets say, his parents decided that he had in him the soul of musical genius. So they turned him over to a teacher of the piano and had the professor do his worst with the boy. After three lessons, it was discovered that young Wallace was practicing ten minutes, shoving the clock ahead fifty, and then reporting to his mother that his daily attack on the ivories was over and departing for the base ball field. One day Father Reid stayed home from toil. He discovered Wallie's subterfuge, and the music lessons were abruptly terminated.

Today Wallace Reid can't play music the way it is written. But, oh, boy! he can certainly jazz it off by ear, as well as anybody in the Lasky studio who has ever heard him operating on his saxophone can testify. Wallie Reid is the champion saxophonist of the West Coast. He has a jazz band all his own, which has played at Los Angeles and vicinity. The band appears in the newest Reid comedy, "The Dancin' Fool" which will be on view at the local theatres today.

Many of Faculty Very Busy During Vacation Period—Prospects Are Bright

Business Manager F. C. Gentry, of Eastern Normal, and Mrs. Gentry departed Monday morning for an extensive trip thru Kentucky and Indiana, returning later to this state, where they will visit relatives in and near Livermore. This will represent the annual vacation of Mr. Gentry, who has the myriad of business affairs of the big institution to look after, and who has applied himself so steadily to the task for the past year.

Before departing, however, in his usual optimistic style, Mr. Gentry reported he would be absent from the city but two weeks, after which he would return and the new school term would soon be under way. President Coates, who will look after the affairs of the institution, will also perhaps have time to pay attention to a number of county institutes which are yet to be held. He will doubtless send representatives if unable to go himself, and this work is becoming more extensive each year. Prof. I. H. Boothe will be in Clay county this week and conduct the institute, he having just closed his work in Estill county, where a very successful institute was held. Reports of the various conditions throughout this part of the state will be made by those conducting the institutes, and this will be important data, it is reported. There will be many teachers and students from the respective localities visited by the Normal people enroll at the Eastern Normal later.

Many of the faculty and big list of instructors are absent from the city on vacation, but most of them are "working vacations," and will return well prepared to take up their work for the school session. The addition of the new buildings, together with the added list of instructors, will make a number of important changes. However, it is believed that the enrollment, which is expected to exceed even that of last year, the largest in the school's history, will be well received and taken care of. Indications are good for one of the busiest and most successful school terms yet recorded. The various teachers who are taking special courses in some of the leading universities and training schools of the country, will soon be returning to take up their work here.

An Old Fault Finder

An irritable and fault-finding disposition is often caused by indigestion. A man with good digestion and bowels that act regularly is usually good natured. When troubled with indigestion or constipation take Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. They also cause a gentle movement of the bowels, and

Big Special Delivery

Letter Business Here

The special delivery business at the Richmond postoffice is said to be reaching a point that is not only surprising, but amazing. The greater portion of this business, another surprising fact, is among the colored residents of the city. Deliverers of this character of missive are busier than usual, and the records at the local office will show an increase of almost one-half over the corresponding period for last year. Why there is such a volume of intelligence sent so guardedly and hastily is not known, but the increase, which has been noticeable for some time continues.

GO TO THE RESCUE

Don't Wait Till It's Too Late—Follow the Example of a Richmond Citizen

Rescue the aching back. If it keeps on aching, trouble may come. Often it indicates kidney weakness. If you neglect the kidney's warnings,

Look out for urinary disorders. This Richmond citizen will show you how to go to the rescue.

Mrs. Wm. Royce, 329 Big Hill avenue, Richmond, says: "I was bothered with kidney trouble and my back ached and pained me. I could hardly do my housework. I had severe dizzy headaches. My kidneys were weak and my ankles and feet were swollen. I used Doan's Kidney Pills from the Madison Drug Store and they did me of the trouble. The backache left me and my kidneys acted regularly."

GENTRY SEEKING AID TO GET HOME

William Gentry, whose home on Irvine street was destroyed by fire some time ago, is seeking aid from someone, in order to be able to rebuild his home, since he stated there was no water pressure available until his home was almost burned to the ground, and he has been petitioning the Water and Light Company and members of the city council regarding the matter.

Gentry had insurance to the extent of \$750, he claims, which covers but a small per cent of his loss. He learned from the city council that the fire truck, in charge of Stone Maupin, arrived early upon the scene and the firemen stood by helpless, as a result of their being no water supply.

and 27 minutes are said to have elapsed before the pressure was turned on, owing to the water main being gimped. He was also informed that the improvement work was being done by the company and that the city was not responsible for his loss. Gentry intimated that he would have aid from somewhere before his efforts would cease, and while it is not known what course he will pursue, he is evidently in earnest about the matter.

Building Epidemic Extends To East End

The building boom which has taken hold of residents of Lower Walnut street some time ago, with result that the thoroughfare presents one of the most attractive in the city, seems to have spread to Smith-Ballard street, where extensive improvement work on residences will soon be under way. This resulted in the Water and Light Company being informed of the fact that Main street must not be closed to this "blind" street, since it is essential that the necessary material must be brought by way of the main thoroughfare. The city council, which has been asked for aid in the matter of having the street opened, will have a committee on the job immediately, since there is no disposition upon the part of the city dads to interfere with the intended improvements.

RECEIVERS FOR PONZI

Boston, Aug. 20—The broken fortunes of Charles Ponzi and interest of thousands of investors in his "get rich quick" scheme, were placed under receivership in federal court here today. Three receivers were appointed under bond of \$50,000 each.

A Traveling Man's Experience

You may learn something from the following by W. H. Ireland, a traveling salesman, of Louisville, Ky.: "In the summer of 1888 I had a severe attack of cholera morbus. I gave the hotel porter 50 cents and told him to buy me a bottle of Chamberlain's Colic and Diarrhoea Remedy and to take no substitute. I took a double dose of it according to directions and went to sleep. At five o'clock the next morning I was called by my order and took a train for my next stopping place, a well man."

SHRINERS' MEET TO BE BIG AFFAIR

Preparations Being Made For Entertainment of Visitors In the City

Illustrious Potentate M. D. Royse, of Winchester, is receiving practically each day a number of names for persons from other lodges who will be in Winchester for the Shriner's ceremonial, which will be held on Labor Day.

The number of candidates has increased wonderfully and other applications are being received daily and from present indications the class which will treat the "hot sands" on this occasion will be one of the largest in Central Kentucky.

All Novices, according to the program, will be required to meet at the Fraternity building in the morning not later than 10 o'clock and finally place their applications. Lunch will be served to the Novices at noon at the Fraternity building. The parade will form in front of the Fraternity building at 1:30 o'clock for the march to the Caravan of Mecca, where the degree will be conferred. At 6 p. m. a banquet will be served by the ladies of the First Methodist church at the church building on South Main street to all Nobles and their ladies. A reception and dance will be given at 8 p. m. All visiting members of the lodge are extended a cordial invitation to be present for the ceremonial and other entertainments which will be offered.

Large circulars have been mailed to all members of the Oleika Temple inviting them to be present for the ceremonial and to bring their brother members with them.

TIME EXTENDED FOR SCHOOLBOOK EXCHANGE

There is good news in store for many when the schoolbook is considered, since there has been an extension of time in which to exchange old books for new, the information arriving in a communication from State Superintendent George Colvin to Superintendent B. F. Edwards, which is self-explanatory, and is as follows: "It is a genuine pleasure to advise you that the time in which old books may be exchanged for new ones has been extended by all of the publishers from June 15 to September 1. Please see to it that the dealers in your county are informed of this fact, and give as wide publicity to this extension as possible. In those cases where old books were offered for exchange and the exchange was denied and new ones were bought on a cash basis, please advise the dealers to accept old books now, and to give the patron credit for such old books."

A Lexington Poker Game

J. Little, of Jackson, and J. R. Little, of Mt. Sterling, were fined \$100 and costs each in Justice of the Peace Edward J. Miner's court at Lexington when it was charged that they were in a stud poker game at the Phoenix Hotel Wednesday night in which Joe Baldwin, of London, lost \$85. Through their attorneys the alleged card players entered a plea of guilty, but withdrew after the fines had been announced and declared they would take an appeal.

BARKLEY SATURDAY

A big crowd will be at the court house Saturday afternoon at two o'clock to hear Alben W. Barkley, Congressman from the 1st district, speak for "Jimmy" Cox and the splendid Democratic ticket. Barkley is one of the "rabble rousing" sort of speakers. He puts the old pep into the boys and they like to hear him handle the enemy without gloves. Those who miss him will miss a real treat. There promises to be more than the usual amount of enthusiasm in this coming campaign for Cox and Roosevelt are stirring up the folks as they haven't been aroused in a long time. It's "Jimmie" this and "Jimmie" that, and Democrats are up on their toes and determined to see to it that Jimmy gets Kentucky by an old time majority. The boys will all be in to hear Barkley tell 'em about it Saturday. He speaks at Lancaster Monday.

(By Associated Press)
Washington, Aug. 20.—President Lewis, of the United Mine Workers, today telegraphed President Wilson, he believed the danger of a strike this winter of soft coal miners in the central competitive district has been averted as a result of the conference between the operators and miners at Cleveland. He said he felt that certain differences now existing would be harmonized by agreement to be consummated in several states.

COL. J. C. MAJOR DIES IN SHELBY

Shelbyville, Ky., August 20.—Col. John Crittenden Major, aged 89 years, died Wednesday at 5 p. m. at his home in Bagdad. He was born in Franklin county August 27, 1831, and removed to Indiana in his early manhood. At the outbreak of the Civil war he enlisted in the Union army and was promoted to colonel of the 43rd Indiana regiment. For the past 20 years he has made his home in Bagdad, this county. He is survived by one daughter, Mrs. Sam Gregory, of Brazil, Ind., and one grandson. The funeral services were conducted at his late residence, with interment in the Bagdad cemetery.

What Eight Richmond Physicians
Have To Say About Your Health and
How To Keep It

While contagious diseases are rampant in various counties to the extent of closing the public schools, Richmond and Madison county are enjoying a remarkable health period for this time of the year, and physicians of the city give prescriptions in the way of advice in order to maintain a good record, and above all, continue with good health.

When interrogated relative to the disease of a contagious nature and best method followed to derive good health during this, acknowledged to be a treacherous one in way of health, the following will be very valuable. The expressions came from eight of the best physicians in the city who stated their practice called them into the country to a great extent. Their answers are as follows:

Physician No. 1—I had one case of typhoid fever in the city and not even a case of measles in the country, although I have an extensive practice. Yesterday is the first day I have not received a call to the country for more than a month.

Physician No. 2—I might say that the health of the city and county was never better, especially for this time of the year. I have a case of scarlet fever, in mild form, and two mild cases of typhoid fever in the city, or rather near it. I would advise people to eat plenty of fruit, but not while their bodies are heated from work.

Physician No. 3—I don't believe I have a single case of what you might call contagious disease in any form. I am completely out of this, I'm glad to say, although my practice takes me into the country as much as about the city.

Physician No. 4—Now, while I have but one contagious disease and that not in an acute form, I would advise people when eating, to do so when they have rested from their daily work. This is the trouble. They will eat while their bodies are heated, and dysentery is generally the result, unless it is stomach trouble.

Physician No. 5—Dysentery, caused by overeating sometimes, and eating while too warm, is the cause of most of the sickness,

Over fifty years ago a young physician practiced widely in a rural district and became famous for his uniform success in the curing of disease. This was Dr. Pierce, who afterwards established himself in Buffalo, N. Y., and placed one of his prescriptions, which he called "Golden Medical Discovery," in the drug stores of the United States so that the public could easily obtain this very remarkable tonic, corrective and blood-maker. Dr. Pierce manufactured this "Discovery" from roots and barks—a corrective remedy, the ingredients of which nature had put in the fields and forests, for keeping us healthy. Few folks or families now living have not at sometime or other used this "Golden Medical Discovery" for the stomach, liver and heart. Over twenty-four million bottles of this tonic and blood remedy have been sold in this country.
